alf sheet this week. The first issue of THE JOURNAL was made four days behind time, and hoping against hope and against persistent efforts, we have been unable to remedy the deficiency. Had we chosen to double our advertisements, and to lessen our usual amount of local and editorial matter, we would have had no trouble, but in justice to the reputation of our paper and to our patrons, and in keeping with our desires, we could not make up our minds to this. Even Brory plot sold b WARRAFTED. We also here a ben now we would pass over the week altogether and make no publication, were it not to accomodate legal advertisements, which are compelled to be published on successive weeks. Our readers are assured that they will lose nothing by the temporary change, as they will, for the balance of the year, receive THE JOURNAL regularly on Thursday morning, without another like break, providing it is within the power of human effort to accomplish the much to-be-desired consumma-THE ELECTIONS.

On Monday the following officers were elected in this city : Mayor, C. R. Underwood; Councilmen David Brown, W. B Planders, R. H. Dihle, Cicero Post and E. B. Bishop. The council are a liberal set of men and meet the wishes of the majority of the people. John Foster, an able and worthy attorney of this city, vas elected Police Judge. We join heartily in the people's choice of so-good a man as Mr. Poster.

The excitement over the election for city officers was intense, still good feeling Fish Bro.'s and Bain's generally prevailed over the result. Both parties worked hard and a fair division of the offi, ers was the result.

Theelectic. on Tuesday passed off with little excitement as most of the offices had "gone a begging." A general comse as ticket had been effected for all the officer s, except two: one of the ustices of the pea ce and one of the constables. If electic ns were to pass off generally in Saline county as quietly and with as little strife as that of Smoky Hill township, on Tuesday last, our people would soon loose their regard for their to Western Kassas to any State days right of suffrage.

Hon. I. S. Kallock has formally an nounced his withdrawal from the Lawrence Journal, T. Dwight Thacher having purchased that gentleman's interest in the paper, as also the interest of Milt Reynolds, in the same. Mr. Thacher states in a card that it is possible that Reynold's connection with that paper may not be wholly severed. Mr. Thach-Lawrence, with the exception of a short LIVERY. time while he owned the Kansas City Journal and while connected with one of the Philadelphia dailies, for the last half score of years, and is a beautiful and for-cible writer, and a good news-paper man. The placing of his name at the head of the editorial columns is a guaranty that the Journal will lose nothing by the

F. P. Baker, of the Topeka Record, and J. B. Davis, of the Topeka Commonwealth, are waging an ugly warfare with each other, through the columns of their respective papers. Baker calls Davis a doubted saint, and Davis tells Baker that he is a vile sinner. These rare treats of billingsgate, emanating from the editors of two respectable journals, may be enjoyed by some, but we think the majority of the people deplore such ungentie. manly and discourteous wrangling.

By the returns at the census office it appears that Kansas, in 1870, shows an increase of 334 per cent. in the number of establishments of productive industry over that of 1060. She has increased 257 per cent. in the number of farms, as returned by the marshals in 1870, over that returned in 1860.

Dr. Wayne Griswold, of Ohio, who owns large bodies of land in this and adjoining counties, has written a pamphlet containing ninety-five pages, entitled the "Kansas Pilot," which treats of the advantages of Kansas as a home for the LIVERY, FEED AND SALE emigrant.

A letter from Texas announces that 900,000 head of cattle will be driven in to Kansas, this season. Saline should work hard to get her share of this vast herd, and with proper efforts made she can. We hope that this news is well-

The majority for Welch, license candidate for mayor of Topeka, was 518. The victors had a great jubilee over the result. Where is McAff-ee? Tell Jenni-
